Frequently Asked Questions about Direct Deposit of Dividends through Wells Fargo Bank, N.A., Dividend Disbursing Agent

Why should I sign up for Direct Deposit?

• **To get your money faster.**

Your dividend is available to you early on payment date. There is no waiting for the check to arrive in the mail.

• **To be safe.**

There are no checks to be lost, stolen or delayed. Direct Deposit is the safe, sure way to get paid.

Q. What is a "routing number" or "ABA number"?

A. It is an identification number assigned to the bank or bank branch at which your checking or savings account is located. It is usually a 9-digit computer number that is located at the bottom of your check or savings deposit slip.

A routing number must start with a 0, 1, 2 or 3. You will need to contact your Bank to obtain the correct routing number for your checking or savings account if the routing number on your deposit slip does not start with a 0, 1, 2 or 3.

• **To simplify your life.**

You don't have to sign or deposit checks -- your dividend is automatically credited to your account. If you are traveling or ill, your dividend is available to you on payment date. It's one less thing you have to handle.

Q. If I sign up for Direct Deposit, will it start immediately?

A. Direct Deposit will begin with the next dividend payment, provided your authorization is received before the dividend record date.

Q. How do I obtain a Medallion Signature Guarantee stamp?

A. The Medallion Signature Guarantee stamp can be obtained through an eligible financial institution that is a member of a Medallion Stamp Program.
