"The disposition environment remains very active given the ample capital and financing readily available to third-party buyers, and we expect a strong finish to the year. More importantly, we're right-sizing our portfolio and will be well positioned to generate consistent growth as we look ahead to 2019."

For the nine months ended September 30, 2018, the company's dispositions have included 48 shopping centers and 6 land parcels, totaling 6.3 million square feet, for a gross sales price of \$712.9 million.
